

DON'T GO UNPROTECTED!

Did You Know Notary Bonds Protect the Public, Not the Notary?

State statutes regulate and prescribe the duties of a Notary Public. Professional liability is imposed on the Notary Public and, in most states, there is a mandatory bond requirement to protect the public from losses caused by a Notary acknowledging a signature improperly.

But What About Your Legal Liability?

When performing the functions of a Texas Notary Public, the Notary Bond protects the public but does not cover your legal liability. Your professional liability can easily be \$10,000 or more, and your legal defense fees can be substantial even if the claim against you is dismissed. This financial expense can be insured at a minimal cost.

Southern Insurance Company Can Protect You!

A Texas Notary Public professional liability policy will protect you against claims for negligent acts, errors or omissions committed or alleged to have been committed when acting in the capacity as a Notary Public, subject to all terms and conditions of the policy. Your **LEGAL DEFENSE** is also covered even if the suit is groundless, false or fraudulent. ***Protect yourself and sign up for Errors and Omissions Insurance today!***
